CESA 4 offers Reading Specialist (#1317) Licensed services for districts interested in improving their PK-12 literacy programs and student achievement. The State of Wisconsin requires each district to employ a DPI-certified reading specialist to develop and coordinate a comprehensive reading curriculum in grades K-12.

A Reading Specialist may:

- Develop and implement a literacy curriculum in grades K-12
- Act as a resource person to classroom teachers to implement literacy curriculum
- Consult or coach leadership teams to support and implement K-12 literacy curriculum
- Conduct an annual evaluation of the literacy curriculum
- Coordinate the literacy curriculum with other literacy programs and other support services within the school district

NOTE: To meet the required expectations of a district Reading Specialist, there is a minimum of 10 days (approximately eight hours per month). The delivery of those days is flexible and customized to district improvement plan specifications.

Service may include a review of universal literacy support, intervention, and acceleration programming coordination to ensure compliance with State Education Standard C and to assist with implementation of literacy in an Equitable Multilevel System of Support.

Service expectations, mutually determined by the district and CESA 4, are based on local identified needs.
