Information Only

Title III Consortium membership is determined and signaled to districts in the WISEgrants ESEA application.

No CESA program contract is required for this consortium.

Multilingual Director will provide consultation(s) for managing Title III compliance.

Districts with Title III allocations less than \$10,000 are required to join the consortium. Districts can do so by following these steps late summer-early fall annually:

1. Surrendering funds to CESA 4 in WISEgrants,
2. Having a district authorizer sign assurance in WISEgrants,
3. Upon receipt from CESA 4 Consortium staff; review, sign, and return the Consortium MOU.
