Level 2D Customized School Based Mental Health and Wellness Service

Our Student Services Department is prepared to provide any combination of high-leverage activities to school districts to support the unique programming needs of your district. Such efforts can include:

Mental Health

- Youth Mental Health First Aid Staff or Parent Training
- Comprehensive School Mental Health Framework Training
- Trauma Sensitive Schools Training
- Compassion Resilience Training for Staff
- Anti-Human Trafficking Training for Staff, Students, or Parents

Systems Support

- Student Records and Confidentiality Training
- 504 evaluations and Case Management Training or Development
- Assessment and Improvement Planning

EMLSS Programming

Targeted training for student services staff implementing programs within EMLSS

- Development of Universal Screening
- Development of Guaranteed and Viable Curriculum in SEL
- Academic Integration of SEL
- Improving Standards-Based Grading in SEL
- Targeted/Intensive Social-Emotional-Behavioral Interventions
- Targeted/Intensive Intervention Progress Monitoring

Other: If you have a Student Services-related need not mentioned above, we'd be happy to discuss how we can support your needs.

Please contact our team to set up a meeting to discuss your district's needs and goals. Our team will create a strategic plan and customized service package for you. Pricing is dependent upon the intensity of services requested.
